# 2019 ENERGY STAR® Dehumidifier Rebate Application

## PROGRAM DETAILS

**ENERGY STAR dehumidifiers can save you more than \$400 over the life of the unit – more than the new dehumidifier cost!**

As an electric customer of North Branch Municipal Water & Light, you can receive a rebate for the purchase of a new ENERGY STAR-qualified dehumidifier. Customers who also trade-in their old, working dehumidifier are eligible for an additional rebate for the recycling cost up to \$15. Rebates are limited to 2 per electric account.

- **\$15 dehumidifier rebate (no recycling of working unit)**
- **\$25 dehumidifier rebate (with recycling of working unit) + recycling rebate up to \$15**

## DEHUMIDIFIER RECYCLING

If your old dehumidifier is in working condition and you are requesting a rebate for the cost of recycling, have the recycler sign the bottom of page one of this form to certify proper recycling. Check with your preferred retailer to see if they offer dehumidifier recycling. Recycling fees can vary. You can also recycle them at your local waste disposal center.

Here are some retailers that provide recycling services for their customers:

**North Branch** = Karl's TV, Audio and Appliances; **Pease** = Kiel's Appliance & TV

### Estimate the dehumidifier capacity you need:

	Area (square feet)					(pints/day)
	500	1,000	1,500	2,000	2,500	
<b>Moderately Damp</b> <i>(space feels damp and has musty odor only in humid weather)</i>	10	14	18	22	26	
<b>Very Damp</b> <i>(space always feels damp and has musty odor; damp spots show on walls and floor)</i>	12	17	22	27	32	
<b>Wet</b> <i>(space feels and smells wet; walls or floor sweat, or seepage is present)</i>	14	20	26	32	38	
<b>Extremely Wet</b> <i>(laundry drying, wet floor, high load conditions)</i>	16	23	30	37	44	

## TERMS AND CONDITIONS

All information for the requested rebate as well as signatures from customer and recycler (if requesting recycling rebate) must be completed. Only complete applications will be processed. Customers must apply for rebates within three months of the purchase date shown on the receipt/invoice. The rebated equipment must be new (used/refurbished equipment does not qualify) and installed where electric service is provided by the Utility on a retail basis. Rebate amount cannot exceed the price paid for the product. The Utility reserves the right to conduct random inspections to verify installation of the rebated equipment at the installation address indicated on the first page of this form. Recycled equipment must be **in working condition and properly recycled** to be eligible for the recycling rebate. Due to limited funding, this rebate offer can be withdrawn at anytime without notice, and is available on a first-come, first-served basis. After satisfactory review of the rebate form and other required documentation, a rebate check will be sent to the customer. Please allow 60 days from the receipt of this form for the delivery of the rebate. The Utility does not guarantee that the implementation of energy-efficiency measures or use of the equipment purchased and installed pursuant to this program will result in energy or cost savings. The Utility does not endorse any particular vendor, manufacturer, or product, and makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warranty of merchantability or fitness for purpose. In no event shall the Utility be liable for any incidental or consequential damages.
